

From the Publisher of this Integrated Report

To provide information about the Oji Group to stakeholders including investors, we have released the Environmental and Sustainability Reports and the Oji Group Report. For FY2019, we released the Oji Group Integrated Report, including more detailed financial and non-financial information about us, prepared in a more easily understandable manner.

In recent years, the Earth, where we live, has been facing crises never previously experienced, such as climate change and the issue of plastic in the ocean. Under these circumstances, the Oji Group, operating a paper manufacturing business since our foundation, with forest resources as the core of our business, has held numerous discussions by obtaining internal and external cooperation to sincerely and carefully communicate what new values can be created, how it could be possible to commercialize them, and how we can contribute to the global environment and society through the new businesses.

We hope that the Oji Group Integrated Report 2019 will help you understand more about the Oji Group and our initiative to fulfill our mission to continue innovating to implement our business activities that contribute to advancing our society, with a view toward the future, through deeper communication with stakeholders.
