- Forecasts released are based on expectations of future economic conditions as of the date of publication. The actual results may differ drastically from these forecasts due to various factors that may arise in the future.

Qualitative Information Concerning Business Performance

Overview of the First Quarter of FY2015

During the first quarter of FY 2015, the domestic economic condition surrounding the Oji Group continued to show a moderate recovery trend as represented in the overall improving trend of corporate earnings owing to yen depreciation and low price of crude oil

From a global view, there is a growing sense of uncertainty about the future economic climate which includes the movement of the US monetary policy, the prospect of Greek debt problem and slow down of Chinese economic growth, though the US kept a recovery trend.

Factors above have led to the results shown below.

Results for the first three months (April 1, 2015 - June 30, 2015) are as follows.

Consolidated net sales: ¥ 359,005 million (12.5 % increase)

Consolidated operating income: ¥ 15,778 million (54.1 % increase)

Consolidated ordinary income: ¥ 26,360 million (217.0 % increase)

Consolidated profit attributable to owners of parent ¥ 16,894 million (441.7 % increase)

Sales overview is as follows.

OHousehold and Industrial Materials

Total sales volume of containerboard decreased relative to the previous year in spite of an increase in export sales, because domestic sales for customers of processed food industry were sluggish.

Total sales volume of corrugated sheet and container increased because sales of those for customers of green grocery and beverage industries steadily performed.

As for household paper, sales volume of both tissue paper and toilet rolls increased. Sales volume of disposable diaper for baby drastically increased thanks to steadily performed sales of redesigned products. Sales volume of adult disposable diaper also increased.

Regarding overseas businesses, sales of containerboard remained steady and that of corrugated sheet and container mainly for customers of beverage and processed food industries recorded healthy in Southeast Asia, the main region of the Group's business operation.

In addition, Carter Holt Harvey Pulp & Paper Ltd., which was consolidated by acquisition in the third quarter of FY2014, contributed to the increase of the net sales.

OFunctional Materials

Domestic sales of specialty paper decreased compared to the previous year as a result of withdrawals from some projects, despite efforts made for sales expansion through development of new products and customers. Domestic sales of thermal paper decreased due to customers' inventory adjustment.

As for overseas businesses, sales of thermal paper decreased in North America but increased in Europe and South America.

OForest Resources and Environmental Marketing

Domestically, sales of pulp for rayon manufacturing increased from the previous year. In addition, sales of electricity generated from biomass boiler in Nichinan City, Miyazaki Prefecture started in the first quarter of FY2015. In Niseko Town, Hokkaido, sales of electricity increased thanks to the completion of refresh construction of a hydroelectric power plant.

Regarding overseas businesses, sales of pulp dramatically increased due to the start of commercial operation of pulp manufacturing facility at Jiangsu Oji Paper Co., Ltd. in January 2015 as well as the contribution of Carter Holt Harvey Pulp & Paper Ltd. which was consolidated by acquisition in the third quarter of FY2014.

OPrinting and Communications Media

Sales of newsprint decreased relative to the previous year affected by a reduced circulation.

Although sales volume of printing and communication paper declined due to a decreased demand, sales amount decreased only slightly because of positive effects of price adjustments.
