1. Qualitative Information Concerning Business Performance

Business Performance for the First Nine Months of FY2023 (April 1, 2023 - December 31, 2023)

	Net Sales	Operating Profit	Ordinary Profit	Profit Attributable to Owners of Parent	Profit Per Share
	Billions of yen	Billions of yen	Billions of yen	Billions of yen	Yen
First Nine Months of FY2023	1,292.4	56.4	65.4	42.3	42.70
First Nine Months of FY2022	1,296.7	59.5	68.5	39.1	39.48
Increase (Decrease)	(4.3)	(3.2)	(3.1)	3.2	
Increase (Decrease)	(0.3%)	(5.3%)	(4.5%)	8.2%	

The Oji Group has set the basic policy of "Toward Further Growth and Evolution" as the Long-term Vision for 2030, and is promoting "Initiatives for Environmental Issues -Sustainability-", "Initiatives for Profitability Improvement -Profitability-" and "Initiatives for Product Development -Green Innovation-". As the milestones of the Long-term vision, we have set FY2022-2024 Medium-term Management Plan, which aims to achieve the consolidated operating profit of ¥150.0 billion or more by FY2024 and stably maintain consolidated profit attributable to owners of parent of ¥100.0 billion or more.

Specifically, we will continue our efforts on environmental issues by promoting greenhouse gas reduction and expanding net CO2 absorption by forests, as countermeasures against climate change. At the same time, we will enhance the value of our business by deepening the existing businesses through the establishment of an optimal production system, and expanding the highly-expected businesses including overseas packaging business and eco-friendly products. In October 2023, as part of "Initiatives for Profitability Improvement -Profitability-", we signed a share transfer agreement to acquire all shares of Walki (Head Office: Finland), a leading company with advanced technologies in material conversion especially for paper-based sustainable solutions. The purpose of the acquisition is to build and expand a platform for our packaging business in Europe as one of the leaders in the packaging sector. Furthermore, we will develop and quickly commercialize new wood-derived products and materials such as eco-friendly materials and products, based on a range of core technologies we have cultivated through paper manufacturing and forestation. We will contribute to society as a company that "grows and manages the sustainable forest, develops and delivers the products from renewable forest and brings this world a brighter future filled with hope". In addition, in December 2023, we announced our "Initiatives to Enhance Corporate Value". We will improve return on capital, promote initiatives that lead to sustainable growth, and strengthen information dissemination in order to enhance long-term corporate value and fulfil our social mission based on our Purpose.

Consolidated net sales for the first nine months of FY2023 decreased by ¥4.3 billion to ¥1,292.4 billion (year-on-year decrease of 0.3%) mainly due to the impact of the cyclone damage at Pan Pac Forest Products Ltd. in New Zealand and deteriorating pulp market conditions, despite the price revision and other measures taken in Japan.

Consolidated operating profit decreased by ¥3.2 billion to ¥56.4 billion (year-on-year decrease of 5.3%) mainly due to deteriorating overseas pulp market conditions, though in Japan, the price revision and cost reduction made up for a decline in sales volumes as a result of consumption restraint caused by inflation, etc. Ordinary profit decreased by ¥3.1 billion to ¥65.4 billion (year-on-year decrease of 4.5%). Profit before taxes increased by ¥2.6 billion to ¥66.8 billion (year-on-year increase of 4.0%), and profit attributable to owners of parent increased by ¥3.2 billion to ¥42.3 billion (year-on-year increase of 8.2%).

Overseas sales ratio decreased by 4.1 points from the same periods in the previous year to 34.5%.

Overview of Business Performance for the First Nine Months of FY2023 by Segment

(I) Business Performance by Segment

(Unit: Billions of yen)

(II) Overview of Business Performance by Segment

The Oji Group's four reporting segments are: "Household and Industrial Materials", "Functional Materials", "Forest Resources and Environment Marketing", and "Printing and Communications Media". Each of the reporting segment consists of units that are recognized to be similar in terms of economic characteristics, manufacturing methods or processes of products, markets in which products are sold, and types of customers, among the constituent units of the Oji Group.

Business segments that are not included in the reporting segments are classified as "Others".

Major business lineup for the segments are as follows.

- Household and Industrial Materials:

Containerboard/corrugated containers, boxboard/folding cartons, packing paper/paper bags, household paper, disposable diapers, etc.

- Functional Materials:

Specialty paper, thermal paper, adhesive materials, film, etc.

- Forest Resources and Environment Marketing:

Pulp, energy, forest plantation/lumber processing, etc.

- Printing and Communications Media:

Newsprint, printing/publication/communication paper, etc.

- Others:

Trading business, logistics, engineering, real estate, liquid packaging cartons, etc.

○Household and Industrial Materials

In the first nine months of FY2023, net sales amounted to ¥612.4 billion (year-on-year increase of 3.0%), and operating profit was ¥15.5 billion (year-on-year increase of 3,714.2%).

Regarding domestic business, although sales volumes of containerboard, corrugated container, boxboard, and household paper decreased from the previous year due to consumption restraint caused by inflation, net sales increased as a result of the price revision. As for disposable diapers, net sales of those for babies remained almost unchanged, while sales of those for adults increased from the previous year.

Regarding overseas business, in line with our strategy to further expand business in Southeast Asia and Oceania, sales volume of containerboard increased in Southeast Asia due to improved operating rate of the new containerboard machine started in October 2021. However, net sales decreased from the previous year due to deteriorating market conditions. Net sales of corrugated container also decreased due to sluggish demand in Southeast Asia despite the price revision in Oceania. As for disposable diapers, net sales increased due to sales expansion in Malaysia.

○Functional Materials

In the first nine months of FY2023, net sales amounted to ¥173.9 billion (year-on-year increase of 3.8%), and operating profit was ¥7.0 billion (year-on-year decrease of 41.7%).

Regarding domestic business, as for specialty paper, despite a decline in sales volume of release paper and its base paper in response to sluggish demand for electronic devices, net sales increased from the previous year due to sales expansion of strategic products, such as heat-sealable paper for major online retailers, and the price revision. As for thermal paper, net sales increased from the previous year due to the price revision, although sales volume decreased due to the ongoing inventory adjustment since the second half of FY2022.

Regarding overseas business, sales volume of thermal paper decreased from the previous year due to inventory reduction caused by rising interest rates and sluggish demand, but net sales increased due to the price revision, etc.

○Forest Resources and Environment Marketing

In the first nine months of FY2023, net sales amounted to ¥271.2 billion (year-on-year decrease of 16.3%), and operating profit was ¥17.1 billion (year-on-year decrease of 64.2%).

Regarding domestic business, net sales almost remained unchanged from the previous year due to weak demand for lumber for construction and packaging in the lumber business, despite the steady sales of dissolving pulp and the start of operation of a new biomass power plant in Tokushima Prefecture from December 2022.

Regarding overseas business, net sales of pulp business and lumber business decreased from the previous year due to a decline in pulp market, as well as the impact of the cyclone damage at Pan Pac Forest Products Ltd. in New Zealand in February 2023 now still under restoration stage of its manufacturing facilities.

○Printing and Communications Media

In the first nine months of FY2023, net sales amounted to ¥226.5 billion (year-on-year increase of 9.1%), and operating profit was ¥12.1 billion (year-on-year increase of ¥16.8 billion).

Regarding domestic business, net sales of newsprint, printing and communication paper increased from the previous year due to the price revision, although demand continued to decline.

Regarding overseas business, net sales at Jiangsu Oji Paper Co., Ltd., remained almost unchanged from the previous year due to the slow economic recovery following the end of the Zero-COVID policy.
